

Modern Tyre Service Launch New Get Fleet Tyre Management Programme

With 26 depots province wide, Modern Tyre Service are ideally positioned to offer fleet customers a great deal. They have teamed up with the top tyre manufacturers to offer special deals for fleet customers.

One such customer already enjoying the new service is Fleet Management and Leasing Limited (FML) of Dunmurry, Belfast. They have over twenty-five years' experience in the motor trade industry within Northern Ireland - the majority of which has been directly related to vehicle contract hire/leasing.

FML offers a wide range of services to corporate and public sector clients including contract hire, personal leasing and fleet management. They have a managed fleet of over 600 vehicles in Northern Ireland and the UK mainland and require exacting standards from all of their suppliers.

Speaking about Modern Tyre Services new GetFleet programme, David Robinson, MD of FML said, "We offer a high level of service and our bespoke internet-based Fleet Management Information System (FMIS) relies on all of our vehicle maintenance and parts suppliers reacting to our customers requirements quickly and efficiently. We are pleased to be associated with Modern Tyre Service and look forward to a mutually beneficial relationship. Modern Tyre Services

new GetFleet tyre management programme offers us a clearly defined audit trail and the regular tyre management reports offers useful budgetary and management information."

Bridgestone are one of the tyre partners on GetFleet and have a range of tyres suited to the needs of all fleet cars. Its Turanza

tyres are optimized for luxury and touring cars, while its Potenza line provides high performance motoring, inspired by its participation in Formula 1.

Bridgestone is also at the forefront of Run Flat tyre technology as widely used by BMW, Mini and many others.

Joe Moore, managing partner (left), and Linus Murray, commercial partner (r), of O'Reilly Stewart have recently celebrated the law firms move into new state-of-the-art offices following the purchase, redesign and renovation of a 10,000 sq ft building located in May Street, which overlooks the High Court at the heart of Belfast's legal centre. Designed by award-winning architects Robinson McIlwaine and constructed by Mascott, the iconic four-storey building has a number of notable design elements, including an external exposed brick façade, a glass parapet feature window on the top floor of the building and a purpose-built 40-seat conference room for larger meetings, seminars and presentations.
